

Industrial Cleaners

- Maintain your warehouse, workshop, and battery rooms.
- Environmentally safe.
- Proportioner dispenses and dilutes chemicals assuring accurate measurement.
- 55 gallon containers are available through MDS...Manufacturer's Direct Ship...product ships direct from manufacturer to customer.

DEGREASER FLOOR SCRUB

- All purpose industrial degreaser with a low foaming formula ideal for use in automatic floor scrubbers.
- Removes oils, greasy dirt, wheel marks, and other process soils.
- Neutral pH balanced product that is free rinsing and will not adversely affect hard surface finishes.

Part #	Size
000 1351-2056-G	1 Gallon
000 1351-2056-5	5 Gallon
000 1351-2056-55	55 Gallon MDS
000 1351-2056-5SC	5 Gallon

Super Concentrate

GLASS, PLASTIC, & CRT CLEANER

- Anti-static formula is ammonia free making it excellent for thermoplastic surfaces.
- Removes soil, streaks, smudges, and smears.
- Effective on glass, mirrors, computer monitors, and other surfaces not harmed by water.
- Cleans streak free with no fogging.

Part #	Size
000 1351-2061	32 oz
000 1351-2061-G	1 Gallon
000 1351-2061-5	5 Gallon

TIRE MARK REMOVER

- Aqueous-based, hard-surface degreaser, developed specifically for industrial use in hard to clean situations.
- Ready to use, will remove tire marks and other hard to remove products such as paint, grease, and cosmoline.
- Use as a pre-treatment or spot cleaner in conjunction with Citrus Floor Cleaner.

Part #	Size
000 1351-2057	32 oz
000 1351-2057-G	1 Gallon
000 1351-2057-5	5 Gallon

CONTACT CLEANER

- Low pH cleaner replaces traditional multiple acid blends (mineral & organic acids).
- It is not corrosive or irritating to the skin.
- Shipped via ground as a DOT non-regulated product.
- Provides effective protection when in contact with galvanized metal and aluminum.

Part #	Size
000 1351-2062	32 oz
000 1351-2062-G	1 Gallon
000 1351-2062-B (empty bottle)	8 oz

VEHICLE WASH

- Effective on chrome, vinyl, aluminum, glass, plastic, and painted surfaces.
- Non-streaking and biodegradable.
- Cleans even the dirtiest equipment.
- Use on forklifts, service vans, and heavy-duty equipment.

Part #	Size
000 1351-2058	32 oz
000 1351-2058-G	1 Gallon
000 1351-2058-5	5 Gallon
000 1351-2058-55	55 Gallon MDS
000 1351-2058-5SC	5 Gallon
	Super Concentrate

PROPORTIONER

- Dilutes the accurate amount of cleaning product to water.
- Compact chemical proportioner eliminates overdosing your dilutions.
- Dilutes super concentrated or concentrated into a bucket, hose, foaming brush or spray bottles.

Part #
000 1351-2060

- **Environmentally safe**
- **Convenient**
- **Cost effective**
- **Non-hazardous**
- **In-stock and ready to ship**

Industrial Chem

BATTERY ACID NEUTRALIZE AND CLEANING PROCESS

To effectively maintain your battery, a comprehensive approach is recommended that uses the chemicals to both maintain your battery and to also treat a spill and surrounding surfaces when and if it occurs.

- **Neutralize and clean corrosion from terminals, connectors, and trays using the Battery Acid Cleaner & Neutralizer.**
- **Neutralize the battery wash systems, racks, and floors using the Battery Acid Neutralizer.**
- **Neutralize large spills using our Battery Acid Absorber and Neutralizer.**
- **Clean the neutralized battery acid on floors and racks using the Citrus Floor Cleaner.**

Using this multi-faceted approach assures that you are keeping your battery clean to maximize its performance, and if a spill occurs, you are prepared to clean and neutralize the spill quickly and efficiently. All products are non-hazardous and environmentally safe.

BATTERY CLEANER & NEUTRALIZER

- Formulated to clean and neutralize battery acid.
- Removes dirt, oil, and electrolytes from the battery's surface.
- Removes corrosion from terminals, connectors, and trays.
- Use as part of routine maintenance program to achieve optimal performance from the battery.
- Easy to use, spray on and rinse off.

Part #	Size
000 1351-2052	32 oz
000 1351-2052-G	1 Gallon
000 1351-2052-5	5 Gallon

BATTERY NEUTRALIZER

- 100% active neutralizing ingredients.
- Use with conventional or closed loop battery wash systems.
- Use on floor spills, battery leaks, and tough to neutralize situations.
- As a liquid, it saturates the entire surface and neutralizes all of the battery acid unlike absorbents.
- Absorbents leave white marks indicating remaining active battery acid and over time will damage your floor.

Part #	Size
000 1351-2053	32 oz
000 1351-2053-G	1 Gallon
000 1351-2053-5	5 Gallon

nicals

- 55 gallon containers are available through MDS...Manufacturer's Direct Ship...product ships direct from manufacturer to customer.

CITRUS FLOOR CLEANER

- Industrial degreaser is used for general cleaning, maintenance, pressure washing, and surface preparation.
- Effective on epoxy coated and concrete floors.
- Free rinsing, will not leave a film or adversely affect any hard surface finishes.
- Clean neutralized battery acid on racks and floors.
- Use with a mop, power washer, or floor scrubber.

Part #	Size
000 1351-2055-G	1 Gallon
000 1351-2055-5	5 Gallon
000 1351-2055-55	55 Gallon MDS
000 1351-2055-5SC	5 Gallon Super Concentrate

BATTERY ABSORBER & NEUTRALIZER

- Contains, absorbs, and neutralizes acid spills safely.
- Prevents the acid from spreading on larger spills while neutralizing.
- Does not create dust clouds or leave residues like caustic soda and sodium bicarbonate.
- Complies with OSHA regulation 1910-178(g).
- Biodegradable, environmentally safe, and non-hazardous.

Part #	Size
000 1351-2054	5 Gallon

BATTERY ACID SPILL KIT

- Convenient
- Cost effective.
- Complies with OSHA regulation 1910-178(g).
- Fast, easy to use and land-fill disposable.
- Includes all necessary equipment and chemicals to safely neutralize and dispose of acid spills.

Part #	Size
000 1351-2059	5 Gallon
