The right tank for every purpose.

Worthington Cylinders, the world's leading supplier of pressure cylinders, provides superior durability, economy and selection in forklift cylinders.

All forklift cylinders feature two-piece construction, employing a single horizontal weld for a stronger, better looking cylinder with less chance of leakage.

All cylinder sizes are manufactured in ISO 9002 certified facilities and are available for timely delivery. Customers tell us our quality, prices and service are the best in the industry.

Expect the best. Don't settle for less. Choose Worthington Cylinders for all your pressure cylinder needs.
